AGILE LEADERSHIP 2021 Masterclass

Leading Digital Transformation In Uncertain Times

18 & 21 Oct 2021 | 25 & 28 Oct 2021 | 8 & 11 Nov 2021 | Live Training

"The greatest danger in times of turbulence is not the turbulence; but acting with yesterday's logic"
***Peter Drucker***

While we are battling to recover from the pandemic, businesses realized the only way forward is digital. Many organisations are adopting smarter and faster machines at speed, to simplify, atomize, and deliver at scale. However, how do we get ahead to achieve our ambition in an extreme volatile, uncertain, complex and environment? In this new normal, leaders need to ensure their organization and people are agile, resilient and be future-readied. They need an agile operating model to mobilise multidisciplinary teams as needed and the agility to complement and collaborate with ecosystem partners. Agile Leadership: Leading Digital Transformation in Uncertain Time is a signature program designed based on global best practices. This program has equipped many organisations leaders foster agile organisations, people and culture despite times of uncertainty.

Course Trainer:

Shu-Tze is a humanist, futurist, and strategist in organisational and cultural transformation. She has over 20 years of experience working with global corporations and consulting firms. She leads Strategic Transformations, Culture Change, Performance Alignment, C-Suite Successions, and Leadership Development. She is also known for her principle-centred, purposeful-driven leadership. She transforms organisation and culture by aligning purpose-profit with the Logic-Emotion Equilibrium approach to delivering breakthrough results.
